Technical Rider in Person and Virtual Keynotes/Presentations Cheryl Cran

In Person Events	Virtual Events
<p>Cheryl brings her presentation loaded on her MacBook Pro along with HDMI adaptor. She does not provide slides in advance due to proprietary content and distribution rights of the music/videos she uses. Her slides are created in 16:9 aspect ratio (please advise if screens are 4:3 aspect ratio). Her presentations include video, music and live polling which means she needs audio/sound. Cheryl brings a backup of her slides in PDF format. She prefers her MacBook laptop to be with the AV team (either back of room or behind stage). Please provide:</p> <ul style="list-style-type: none"> • Over the ear microphone preferably a Countryman for right ear • Remote slide advancer <p>Cheryl requires an AV check to test her presentation either the night before the event or one hour prior to the event start. Staging: Her preference is no podium and no chairs or other items on stage for her presentation (small round table is ok). If a podium is required, please have set either to the far left or far right side of stage- not in center.</p>	<p>Cheryl delivers her virtual keynotes/presentations in a professional studio with a videographer onsite. The studio has professional lighting, separate video camera for streaming and a wired microphone for optimal sound quality. The set-up is in front of a green screen where Cheryl's slides are shown behind her, and her image is made full screen or part screen throughout the presentation. Her virtual presentations include polling and chat, and the polling shows up real time behind her when she presents. She uses her MacBook pro to deliver her slides. Please provide:</p> <ul style="list-style-type: none"> • Platform AV test link to do a quick AV test prior to the scheduled event • Platform presentation link for the day of the event <p>Cheryl arrives 30 to 60 minutes ahead of the scheduled virtual presentation to do a quick run through of the presentation and to test the polling. Virtual Staging: Please have a moderator/host for the event to introduce and to help with Q and A. Please ensure you 'spotlight' Cheryl during her session.</p>

Recording: Video recording is permitted with a signed waiver indicating that the recording will be for internal use only and only available on internal password protected site for a maximum of 30 days. Cheryl's office requests a copy of the video made available.
Photographs: Cheryl requests that photos of her be provided post event.
